

Pragya — Razorpay Submission Guide

Everything you need to resubmit the Razorpay application

July 2026 · pragyacareer.com

What happened, in one minute

Razorpay rejected the earlier application because the URL we gave them (the homepage) did not show a Pay Now option or the mandatory policy pages clearly.

That is now fixed. We built a dedicated review page that shows everything Razorpay asks for in one place, and the payment pages are open for anyone to see — no login needed. All of it is live right now.

Step 1 — Copy these values into the Razorpay form

Field	What to enter
Website URL	https://pragyacareer.com
Review / working URL	https://pragyacareer.com/razorpay-review
URLs to whitelist	https://pragyacareer.com , https://www.pragyacareer.com , https://pragyacareer.com/razorpay-review
Return URL / Referrer domain	https://pragyacareer.com

Step 2 — Paste this note in the comments / description box

Pragya is an online career assessment and counselling guidance service for students and job seekers. The review URL <https://pragyacareer.com/razorpay-review> shows the Pay Now options, pricing, and all mandatory policies — Terms and Conditions, Privacy Policy, Cancellation/Refund Policy, Shipping/Digital Delivery Policy, and Contact details. The payment order summary pages are public and need no login:
<https://pragyacareer.com/payment?plan=student> and
https://pragyacareer.com/payment?plan=job_seeker. Delivery is digital only — no physical shipping. Reviewer demo login: demo@pragyacareer.com (Student role; password: _____).

Before submitting: fill in the demo account password where the blank (_____) is. It is sent to you separately and is intentionally not printed in this document.

Step 3 — Where to do this

1. Log in at dashboard.razorpay.com with the Pragya merchant account.

2. Open Account & Settings, then Activation Details. Look for the section marked "Needs clarification" — usually on the Business Details / Website field.
3. Enter the values from Step 1, paste the note from Step 2 in the comment box, and submit for re-review.

If the form has no comment box, simply reply to the email in which Razorpay sent the rejection, with the same note and URLs. Both routes reach the same review team.

Why it will pass their checklist

Razorpay asked for three things. Here is where each one now lives:

Razorpay asked for	Where it is now
A working URL	https://pragyacareer.com/razorpay-review — live, public, loads over HTTPS with a valid certificate
Visible Pay Now option	Two Pay Now buttons with prices on the review page; each opens a public order page. The homepage footer also has a Pay Now link.
All mandatory policies	Terms, Privacy, Refund/Cancellation, Shipping/Digital Delivery, Pricing, Payment Workflow and Contact — linked on the review page and in the footer of every page.

What the reviewer will see — page by page

Screenshots below were taken from the live website on 5 July 2026. You can open every URL yourself to confirm.

1. Razorpay Review Page (the URL to submit)

After Razorpay approves

- Razorpay will issue live API keys for the account.
- We add the keys to the server the same day — the Pay buttons then open the real Razorpay checkout (UPI, cards, net banking, wallets).
- We run one end-to-end test payment before announcing anything.
